

# Speak up. Listen up.

At HP, we are committed to maintaining an environment where everyone feels comfortable raising concerns without fear of retaliation. Everyone has a responsibility to report any suspected misconduct immediately and honestly.

Contingent workers should submit concerns to their employer, a member of HP management, or HP's Ethics and Compliance Office.

## The ways to report an ethics concern have improved.

When it is not possible to raise or resolve an issue with your HP Engagement manager, use one of the methods below:

### Phone

Find your direct in-country phone line located on the next page to report concerns.

### Web form

Report concerns using the web form submission tool at [HPintegritysupport.com](https://HPintegritysupport.com)
